REFERRING PHYSICIAN SIGNATURE: _____

**SOME EXAMINATIONS REQUIRE SPECIFIC PREPARATION
PLEASE FOLLOW THE INSTRUCTIONS AS CHECKED BELOW.**

- COLON (Barium Enema) – (Time in Imaging Services Dept. approx. 1 hour)**
Out-patients: At least **TWO TO THREE DAYS** before the day of your examination, go to your Pharmacy and purchase one bottle of Citro-Mag (300 mL) and a package of Bisacodyl tablets (5mg) (**NOTE: This product is only available in packages of 10 tablets. You are only required to take 4 tablets**) Follow diet and preparation exactly as specified on the back of this requisition, unless instructed otherwise by your doctor.

- STOMACH (G.I. SERIES) – (Time in Imaging Services Dept. approx 1 hour)**
On **day before examination**, have your normal evening meal. You may have a light snack (preferably no solid food) no later than 10:00 p.m. Do not eat or drink anything after that, including **NO BREAKFAST** on the morning of the appointment.

If you cannot keep your appointment, please telephone our department immediately

PREPARATION FOR X-RAY EXAMINATION OF COLON (BARIUM ENEMA)

Consult your Physician before taking this preparation if:

1. You have severe diarrhea
2. You have rectal bleeding
3. The patient is under 12 years of age
4. The patient is on any medications or a special diet

Commencing on the day before your examination, eat and drink only the following:

Lunch

May include only items from the following list: clear broth, clear or strained fruit juices, clear tea, hard boiled eggs, plain jello, or plain white chicken meat sandwich

P.M.

Drink one full glass of water or any clear fluid hot or cold every hour until supper

Supper

May include only items from the following list: clear broth, clear tea or coffee, sports drink, clear or strained fruit juices, plain jello

6 P.M.

Drink an 8 oz glass of water. Sip the entire bottle of Citro-Mag slowly (it is best chilled); drink another glass of water

10 P.M.

Take **four** of the Bisacodyl 5 mg tablets with one full glass of water. Be sure to swallow the tablets whole

On the morning of the x-ray

Breakfast must be limited to clear tea or coffee, or clear strained fruit juices. Please come prepared to spend approximately one hour in the Imaging Department of the hospital.

It is important that if you have any questions regarding this preparation in any way, you contact your Physician or Pharmacist immediately before taking any of the products listed.
