

OHIP Funded Physiotherapy Clinics

The government provides coverage for seniors, youth, and other categories of patients to obtain physiotherapy services at publicly funded physiotherapy clinics. There are a limited number of physiotherapy clinics across the province.

To be covered for physiotherapy services at a publicly funded physiotherapy clinic, you require a doctor's referral and:

- Be 19 years old or younger or
- Be 65 years old or older or
- Be receiving benefits under the Ontario Disability Support Program or Family Works or
- Have been overnight in hospital for a condition that now requires physiotherapy treatment.

The Ministry of Health and Long-Term Care maintains a list of publicly funded physiotherapy clinic locations. Visit their website at www.health.gov.on.ca.
